Divani monoblocco, componibili e pouf
Piedini in acciaio verniciati colore grafite. Struttura in legno. Molleggio su nastri elastici.
Imbottitura sedile e schienale a quote differenziate di poliuretano CIRCULARREFOAM® composto da una percentuale di polioli riciclati/fibra in PET con una percentuale di riciclato post-consumo. Cuscino schienale in fibra soffiata e tela di PET riciclato. Rivestimento esterno sfilabile in stoffa o in pelle.

Monobloc and modular sofas and pouf
Graphite painted steel feet. Wooden frame. Elastic strips suspension.
Seat and backrest padding in graduated CIRCULARREFOAM® polyurethane comprising a percentage of recycled polyols/PET fibre including a percentage of post-consumer recycled material. Backrest cushion in blown PET fibre and PET canvas. Removable external cover in fabric or leather.

Canapés monoblocs, composables et pouf
Pieds en acier verni graphite. Structure en bois. Suspension sur sangles élastiques.
Rembourrage de l'assise et du dossier en polyuréthane CIRCULARREFOAM® à densités variables, composé d'un pourcentage de polyols recyclés/fibre de PET avec un pourcentage de matériau recyclé post-consommation. Coussin de dossier en fibre soufflée et toile de PET recyclé. Revêtement extérieur déhoussable en tissu ou en cuir.

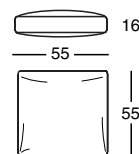

Einteilige, zusammenstellbare Sofas und Hocker
Füße aus graphitfarben lackiertem Stahl. Gestell aus Holz. Federung auf elastischen Gurten.
Polsterung von Sitzflächen und Rückenlehnen aus abgestuftem CIRCULARREFOAM®-Polyurethan, das einen Anteil an recycelten Polyolen/PET-Fasern einschließlich eines Anteils an Post-Consumer-Recyclingmaterial enthält. Rückenkissen aus geblasener PET-Faser und PET-Gewebe. Abnehmbarer Außenbezug aus Stoff oder Leder.

Sofás monobloques, modulares y pouf
Pies de acero lacados en grafito. Estructura de madera. Suspensión con cintas elásticas.
Asiento y respaldo acolchados con densidades diferenciadas de poliuretano CIRCULARREFOAM®, compuesto por un porcentaje de poliols reciclados/fibra de PET con un porcentaje de material reciclado postconsumo. Cojín de respaldo en fibra soplada y lona de PET reciclado. Tapizado exterior desenfundable en tejido o piel.
